

# Cement, Mining & Minerals

Cement Plants and Terminals, Mines, Minerals Transport and Processing

With products and technology dating back to 1921, Delta Ducon provides equipment and full systems for material handling applications serving the Cement Mining and Minerals industries. With a wide range of products capable of handling the harsh process conditions inherent to these industries, Delta Ducon should be your first choice for material handling solutions that require rugged equipment that provides long lasting reliability .

## **CAPABILITIES:**

- Pneumatic conveying – dilute and dense phase
- Vacuum & Pressure Systems
- Railcar & truck – loading & unloading
- Ash & Dust removal, storage & transport
- Injection & blending technologies
- Silo systems and storage
- Solid fuel handling systems
- PERMA/flo Extreme Duty rotary feeders/airlocks
- PERMA/flo abrasion resistant pipe & fittings
- Blower Packages
- Isolation valves and aeration systems

**DELTA DUCON, LLC**

# Cement, Mining & Minerals

Equipment and Systems in the Cement, Mining & Minerals Industry

## Common Materials Handled:

- Cement, Ash, CKD & Various Dusts
- Limestone
- Precious Stones & Metals
- Silicon
- Perlite
- Diatomaceous Earth
- Clay
- Magnesium
- Sand, Silica & Zircon
- Coal

Rail & Truck Unloading

Abrasion Resistant Equipment

Rotary Valves

Vacuum Conveying

Silo Unloading

Metering Systems
